

Bao Khang DO PHAN

Machine Learning Engineer | Computer Vision | MSc MLDM

About Me

MSc in Machine Learning & Data Mining seeking opportunities in Artificial Intelligence, Computer Vision, and Data Science.

Target Position

Machine Learning • Computer Vision • Data Science • Software Development

Availability

From September 2025

 dophanbaokhang@gmail

 @DOPHANK

EXPERIENCE

06/2025 – 08/2025

AI Engineer in OCR

INTERNSHIP · Oxford University Clinical Research Unit HCM city 
Optical Character Recognition (OCR) for report forms digitalization.

LMM OCR

12/2024 – 01/2025

AI Engineer in Biomedical Image Analysis

KAGGLE COMPETITION · (Top 20 / Score 0.35706) 
Annotate protein complexes in tomography images.

CNNs Tomographic Image Processing

11/2024 – 01/2025

Data Scientist in Predictive Analysis

KAGGLE COMPETITION · (Top 540 / Score 0.66938) 
Predict which products customers will repurchase in the future.

Data Analysis CNNs LLMs

03/2024 – 08/2024

AI Developer – 3D Facial Recognition

INTERNSHIP · Ho Chi Minh University of Technology 
Developing a facial recognition model with **PyTorch** using 3D data augmentation techniques with **MTCNN** and **Deep3DFaceReconstruction**.

3D Image Processing CNNs ArcFace

05/2022 – 07/2022

Engine Developer

INTERNSHIP · Paris 
Developing a real-time 3D multiplayer game on **PlayCanvas** with **JavaScript**, and a connected server using **Socket.io**.

Application Development 3D JavaScript Socket.io

04/2023 – 06/2023

Deep Learning Engineer – Facial Expression Analysis

RESEARCH PROJECT · Jean Monnet University, Saint-Étienne 
Classifying facial expressions using **CNNs**.

Facial Expression Classification using Machine Learning

AI PyTorch Keras CNNs k-NN Decision Trees

02/2021 – 06/2021

Application Developer

END YEAR PROJECT BSc · Jean Monnet University, Saint-Étienne 
Developing a multiplayer (up to 100 players) cinema game.

JavaScript Java Web Development GitLab

SKILLS

Programming & Tools

Python, C, Java, R, Git, LaTeX, Google Cloud Services (GCS)

Machine Learning

CNNs, LLMs, LMMs, k-NN, Decision Trees.

Frameworks

PyTorch, TensorFlow/Keras, Pandas, NumPy, Seaborn, MONAI.

Databases

MySQL, Oracle

Web Dev

HTML, CSS, JavaScript, PHP

EDUCATION

2022 – 2025

MSc in Machine Learning & Data Mining

· Jean Monnet University, Saint-Étienne 

2017 – 2022

BSc in Informatics

· Jean Monnet University, Saint-Étienne
